Tom,

Gary Burningham replied to my letter of April 22, 2005, and provided me with the additional information I requested regarding the Mammoth Ridge project (ML 49699; S/017/048). I will send you a copy of his reply in the Building Mail. I understand that Burningham has in fact commenced quarrying operations at the site. I recently spoke with Garfield County Engineer Brian Bremner (435-676-6119) who advises me that the operations are copasetic with the County. Please let me know if you have any further concerns about this project.

Thanks,  
JB
